WELCOME

Company Profile

Brightside packaging was established in 2009 as an independent family run online business. The company was originally founded by the Directors of Morepack Packaging and Hanem Boxes, which was established in 1988 by Eric and Anne Gayler. With over 20 years experience as manufacturers and suppliers of packaging materials to the trade, Brightside offers the same high standard of quality products and services through the internet.

How to Order

By Tel: 01531 632707

By Fax: 01531 634026

By E-mail: sales@brightsidepackaging.co.uk

Online: www.brightsidepackaging.co.uk

Delivery

Free Delivery on all orders over £150. Orders under £150 have a delivery charge of £8.95 (including VAT).

Our aim is to despatch all stock items the same day if ordered before 2pm on Monday to Friday on a next day service (subject to stock availability).

Payment Methods

We will be pleased to accept payment by the following methods:

- Paypal
- Google Checkout
- Cheque
- Credit and Debit Cards

Note from the Director

"Brightside Packaging has recently been established as a leading family run and independent supplier and manufacturer of packaging products. We care about the environment and the customers we serve. I hope you will give us the opportunity to demonstrate our commitment."

1

BOXES MADE FOR YOU

We can manufacture corrugated boxes made to order in the following styles:

0201

0200

0203

0409

0411

0300

In the following board grades:

We stock corrugated brown and oyster board in Single and Double Wall.

Double Wall Oyster

Single Wall Brown

We are able to manufacture any quantity you require. However, the more you order the higher the discounts we can offer.

Please contact us with all the details and we can provide you with a quotation.

For any other bespoke requirements such as printed, die cut cartons or composite packs please visit our sister company www.morepackpkg.co.uk

HELP AND ADVICE

FEFCO Box Styles

FEFCO, the European Federation of Corrugated Board Manufacturers, is regarded as the standard international guide to box styles. The most popular designs are detailed below to assist you when requesting a custom box quotation

0201: The most common style where the flaps meet in the middle at the top and the bottom of the box

0200: This is an open top box which requires sealing at the bottom only.

0203: The same as an 0201 but the flaps fully overlap to add strength instead of meeting in the middle.

0409: Unjoined carton, normally referred to as a 5 panel wrap.

0411: Similar to the 0409 but joined in the middle of the main panel.

0300: This style is used to produce box & lid designs and can be produced with a shallow or full depth lid.

How to measure a box

All dimensions are expressed as internal dimensions in mm to allow for optimum accuracy, as follows:
Length (L) x Width (W) x Height (H)

figure 1

Corrugated board quality

Single layer of corrugated board (Single Wall):

*Economical solution usually for lightweight products

Double layer of corrugated board (Double Wall):

*Provides extra strength, protection and durability for heavier and fragile products. Ideal when stacking is required.

Oyster Single Wall

Oyster Double Wall

Brown Single Wall

Brown Double Wall
